A HOME-MADE PAPER.

THURSDAY, NOV. 2, 1916.

Considerable has been said concerning the road building in Powell county and the bond issue and the promise of what the Fiscal Court would do with the bond money, and the roads they would build. Here's the order just as it was advertised and spread broadcast by handbills to secure votes for the bonds. The majority of the people of the county are refusing to pay any of their tax because of the road tax. They are ready, all say to us, to pay their road tax when the Fiscal Court takes definite steps to improve the roads promised improvement by the order

By letter we learn that quite a number of Democratic sons of Powell county are coming home to vote November 7th. That's good. Every Democrat should follow the example of our leader, Woodrow Wilson and vote every time, and the Republicans may do as their chief, Charles Evans Hughes, does; not vote for five years at a time.

"Smiles and laughter is good for the blues even if the practice is begun in forgery. It becomes habitual and is a means of friend making", says an author. This doesn't apply to counties voting a bond issue for building roads and getting only a dose of tax-paying and an opportunity to continue paying for twenty-six years.

Twelve counties in Kentucky are reported free from illiteracy and more will soon be, according to the president of the Illiteracy Commission.

below. The order calls for the improvement of these roads during 1916. Read the order in double column below and see if the people are getting what they have a promised right to expect.

The law requires where counties make application for State Aid, these counties must state what roads are to be improved, and the approximate distance of each. The State will consider no improvement until after the inter-county seat roads are first improved; neither can the Fiscal Court make a change in its order after it has been certified to the Road Commission at Frankfort. The resolution order has been certified to as follows at a meeting of the Fiscal Court February 28th in which the full Court was present, and can not be changed or altered:

"Be it Resolved, That the public interest demands the improvement and construction of public roads on all the county seat roads, hereinafter described, on the most direct and practical routes; and it is the sense of this Court that said roads be improved under State Aid and State supervision during 1916.

"Therefore, It is Ordered, That the Fiscal Court of Powell County petition the State of Kentucky and the State Commissioner of Public Roads for county's proportionate share of the State road fund, for the use of this county for the improvement of described roads, and agrees to furnish a like amount.

"It is further Ordered, That a copy of these Resolutions and a copy of this Court Order be certified to the Commissioner of Public Roads for his approval."

"Those voting in the affirmative: J. A. Sewell, Chas. Welch, G. B. Caudell, Chas. A. Means and G. S. Spurlock.

"Those voting in the negative: None.

"No. 1. One road from Stanton, the county-seat, to the Clark county line, via Clay City.

No. 2. From Stanton to the Montgomery county line.

No. 4. " " " Menefee " "

No. 5. " " " Estill " "

- No. 3. Eighteen miles.
- No. 4. Four miles.
- No. 5. Three miles.

"It is further Ordered by this Court, That under any and all conditions, one-half of the improvement of the roads in the county shall be made east of Stanton and one-half west of Stanton."

Forty thousand dollars is the amount sent to Kentucky to help carry this State for Hughes. If Kentucky is a better prospect to carry than the doubtful States, pity poor Hughes. He is in as bad a boat as Taft was in four years ago.
